This column has long suffered by theatrical wrongs done to Indiana and often has been on the edge of protesting. The Muncie Times has been similarly affected and has capably assumed the duty. A person named Herbert Hall Winslow has written a play that he calls "The Vinegar Buyer," and it is to be acted this season by a company led by Ezra Kendall. Mr. Kendall, in the Park Theater gallery days of this generation, was principal in a farce called "A Pair of Kids," and in it he raised a storm of laughter and applause by dropping his carpetsack down an elevator shaft, waiting till he heard a crash and screams below, and then shouting: "Look out, down there!" Since he deserted "A Pair of Kids" he has been in the vaudeville houses at \$500 a week. The increasing popularity of Kendall's style of caricaturing the farmer persuaded Liebler & Co. that there would be money in him if he

should be fitted with a play-thus, "The Vinegar Buyer.' In advertising Ezra Kendall in "The Vinegar Buyer" Liebler & Co. sent word to Indiana newspapers that the play was an Indiana play, that Mr. Kendall was a friend of James Whitcomb Riley and had tried futilely to lead the poet into writing a play for him. The hero of the Riley play was to be the famous Jap Miller. Mr. Riley sagely decided that Jap was pictured better in verse than he should be in a comedy. Mr. Kendall's managers, however, asserted that the main character of "The Vinegar Buyer" was like Jap Miller. They asked that the Indiana public be informed that a prize of \$25 was offered for the best story of 1,500 words about the Hoosier vinegar buyer. The prize story was to be printed in a circular to be published in the Middle West to advertise the play. It was on receiving all this information from Liebler & Co. that the Muncie Times expressed its righteous ire. imagine," it declared in an editorial, "that what we see is all there is to be seen, but the New Yorker, with his trained urban optics, can look across the continent and see here a State teeming with 'vinegar buyers,' 'Hoosier doctors,' 'Sis Hopkinses, hungry authors that try for \$25 prizes, and all the other fictitious types that have been used to make literature and the drama pay. We understand that 'The Vinegar Buyer' is from the pen of Herbert Hall Winslow.

Liebler & Co. was assigned to write a letter of defense to the Muncie Times. The hireling said that the Times did its own State an injustice by calling its humble inhabitants, when pictured in a comedy, "caricatures." "The writer of this was born in Ohio," he said, "and has made cider out of apples grown on his own place and sold barrels of vinegar-the real stuff-to a real vinegar buyer, hired by a city firm, just like Jap Miller. Vinegar buyers in Indiana in these days-to Indiana's shame, be it said-may be scarce, as you claim, but Save a fourth to a third on you should tell it not in Gath nor publish it in the Muncie Times. High Gas Pressure Causes Fire.

Frank Kimmel, living at No. 1721 Orange street, will testify that there is a plentiful supply of gas. Too much gas was the cause of serious damage being done to his home and furniture last night at 9 o'clock. During the day the gas had been low and Kimmel's wife did not think to turn it off while the people were in the front part of the house. When Kimmel went to the kitchen about 9 o'clock the whole rear of the house was aflame. The damage to the house is estimated at \$125.

By MAY MANTON. "Slot-seam" jackets are among the newest of the advance styles and will be much worn during the season about to open. buttons are placed on the pointed end of

4220 Misses' Blouse Jacket, 12 to 16 years.

WITH "ELOT SEAM" EFFECT.

The fitting is accomplished by means of shoulder and under-arm seams. The "slot seams" are formed by laying one tuck forward and one backward in each group and stitching flat. The back is extended below the waist line to form the basque, but circular portions are seamed to the sides and fronts. At the neck is the shawl collar so much in vogue. The sleeves are in bell shape and are opened for a few inches at the back. The closing is effected invisibly at the center front. At the waist, concealing the seam, is a strap belt of the material that closes at the center front. The quantity of material required for the medium size (14 years) is 41/4 yards 27 inches wide, 2 yards 44 inches wide or 1% yards 52 inches wide. The pattern 4220 is cut in sizes for misses

of 12, 14 and 16 years of age. PATTERN COUPON For patterns of garment illustrated above send 10 cents (coin or stamps.) Cut out illustration and inclose it in letter. Write your name and address distinctly and state number and size wanted. Address Pattern Dept., The Journal,
